

RC BANDIT customer day—2011—at PMAC

Chris tries to tell us how big it is.

Matt looks like he's trying to sell something.

Damian's ESM P-40

Welcome to PMAC. May I take your order?

Keep your eye's on the prize, Kev.

Karl and Gareth (would you buy planes off these two?)

Tilo—the new poster boy for RC Bandit—and his P-51

Common, what do you say? HmMMMMM I'm not sure

**Nice Tea Pot, Chris
Nice Sugar Pot, Kev
Hi Karl.**

Brett—always useful as dead weight

There's a new Sherriff in town!

Hey look Dad, mines still in one piece. How's your Extra?

Matt's EG YAK—Probably the best plane ever!

Common Matt, hurry up and crash.

Cheese

Chris's ESM Spitfire—Hurry up and get it finished will you!

Alan and Stew— if only we knew what they knew

Gareth's September Fury—looks fast just sitting there!

Danny and his WOT 4

Simon & Colin solve all of modellings problems

Where are you telling your wife that you are?

Damian's EG Extra—no matter how bad your eyes get, you'll always be able to see this one!

Daniel's EG Extra—it may not be fluro green, but it flies a whole lot better! Probably has something to do with the pilot!

Adrian's Hangar 9 Sundowner—clocked at 220kph

Riley—best Trojan pilot ever!

Mikey and Grommet—EG 100cc Raven

**Mikey just stuck it on a pole for effect.
Awesome Photo Terry.**

Its all OK—the wind blew it free.

Yes—it can fly right way up too.

Did someone order a White/Blue Raven?

Ming sends warning to nearby Red Indian tribe

Everyone say cheese

Frazer and his 150cc EG Raven

Frazer and Shaun—showing us how to do it.

Alan searches for the after burner switch.

John—competes with Tilo for that poster boy spot.

My batteries getting low. Where's that damn pond????

Brett—loses the ground again with his T-Rex 700

Slipstream 30cc Super Chipmunk

Daniel's EG Extra 50cc—Boy, can this guy fly!

Thanks to all those that attended and helped.

Special thanks to Terry Dillon for these fantastic photos.
